## INVESTMENT IN PRODUCTION ◀

- PRE-LAUNCH AMOUNT: **\$ 1 MILLION.**
- The participation price increases weekly until the pre-launch goal is reached.
- Favorable prices: **\$ 1** for up to **3,000 shares.**

## 4 PRODUCTION STAGES ◀

with a step-by-step launch of production volume up to **40 million** units per year.

### STAGE 1

Step-by-step production ramp-up to **10 million** units per year.

Stage cost: up to \$ **40 million**.

### STAGES 2, 3, 4

Production volume of **10 million** units per year for each stage.

Launch upon ramping up sales volume.

**Payment of dividends and income based on the financial performance in reference point up to 50% of income.**

Up to 50% of the company is owned by investors.

### **PHASED CONVERSION OF SHARES**

Access to conversion of shares after forming and launching the production sequence.

Once the production sequence is launched, we will conduct a full independent financial audit.

Determined after the production stage is formed and launched and the planned production volume is reached.

**INVEST IN REAL PRODUCTION!**
